Professional Experience

Mr. Beach joined STI in 2007 as a Senior Systems Engineer. He is responsible for the administration, management, and day-to-day support of all software, hardware, and network components in the STI environment. Mr. Beach's experience ranges from information technology to programming.

Prior to joining STI, Mr. Beach formed his own private consulting company, CMB Consulting. CMB provided services to Fortune 500 companies, including Honeywell Security, Qantas Airlines, Microsoft, and San Francisco International Airport.

He has also managed the technical operations for SkyPipeline, Inc., one of the nation's largest fixed wireless Internet service providers, and created and programmed a new customer tracking system for the company.

Mr. Beach served as a Network Specialist for the Lucia Mar Unified School District. He was responsible for designing, implementing, and maintaining WANs and LANs for more than 3,500 client computers.
