**Professional Experience**

Ms. Douglass joined STI in 2007 as a graphic designer, bringing almost 10 years of design experience to the STI team. She designs the visual appearance of products ranging from websites and direct mail pieces to information architecture and infographics. Ms. Douglass designed the layout and color scheme for the U.S. Environmental Protection Agency's 2006, 2007, and 2008 National Air Quality Status and Trends Reports. The 2008 report is available on the Internet at <http://www.epa.gov/airtrends/2010>. She also designed the Clean Air Partners home page, <http://cleanairpartners.net>.

In addition to her work at STI, Ms. Douglass manages a graphic and web design company, which she founded in 2002. Prior to joining STI, Ms. Douglass served as Art Department Lead for Taylor Roberts, a model home merchandising company. In 2000, Seven Interactive hired Ms. Douglass as a Junior Web Designer, where she designed web pages for corporate clients such as Accenture, WaMu, and Agilent.
