

Charles A. Callebaut

Senior Accountant

Mr. Callebaut joined STI's Accounting Group in 2018. He has over five years of experience in accounting and financial reporting. He prepares month-end financial memos and analyzes STI's labor productivity. Mr. Callebaut also conducts research on a variety of labor and tax regulations.

Previously, Mr. Callebaut worked as a Senior Accountant for Equipe Container Services, a company that builds and leases shipping containers for commercial use. He was responsible for tracking the financial activity (revenue recognition/work-in-progress) of multiple large-scale projects, including generators, battery banks, and power distribution boxes in excess of a million dollars per unit. Mr. Callebaut was also responsible for reporting franchise and sales tax information to 40 states, and he oversaw the implementation of a new accounting system and several other modules. Mr. Callebaut also worked for Robert Half as a contractor and filled accounting roles at multiple small and large Bay Area businesses.
